- 1. Relief from **Section 6.2 Zone Provisions**, **Rear Yard**, Minimum Depth; to reduce the minimum required rear yard depth from 7.5 m (24.6 ft.) to 1.83 m (6 ft.) to accommodate the construction of a single-detached dwelling comprising approximately 101.7 m² (1,095 ft²), with an attached garage, subject to the following conditions:
- a) that a \$5000 grading deposit is submitted to the Town, to be held until the proposed grading plan submitted with building permit is finalized after construction;
- b) that the proposed dwelling be limited to one-storey in height;

The proposed relief meets the four tests of a minor variance as set out in Section 45(1) of the Planning Act as follows:

The proposed relief is a minor variance from the provisions of the Town of Ingersoll Zoning By- law in that the relief is not anticipated to impact on the private amenity space provided on the subject lands and also provides adequate separation from buildings on adjacent properties and access to allow for proper lot grading and drainage;

The proposed relief is desirable for the use of the land as the intended use is permitted by the Zoning By-law, is compatible with permitted uses in the area and will not negatively impact neighbouring properties;

The proposed relief maintains the general intent and purpose of the Town's Zoning Bylaw as the development is generally in keeping with the provisions of the 'R1' zone; and

The relief maintains the intent and purpose of the Official Plan as the proposed single detached dwelling is a form of residential development contemplated by the Official Plan.

Letter from Darren fry of Walker Environmental

Moved by Councillor Petrie; seconded by Councillor Lesser

C20-03-073 THAT The letter from Daren Fry of Walker Environmental dated February 26, 2020 be received as information

And further, where Walker Environmental Group (WEG) has established a timeline for comments to be received on its Draft Environmental Assessment (EA);

And Whereas the Draft EA is a detailed and comprehensive document that was over a year and a half in drafting by WEG;

And whereas it would be reasonable to allow for a fulsome and comprehensive review of said document by all interested parties;

And whereas the very nature of the Human Health Risk Assessment for the EA is such that the results from the other studies, including but not limited to, the air quality and noise components review;

And Whereas the Human Health Risk Assessment is the last component in the review process, it would not be unreasonable to provide a longer review period to do a complete review;

Now Therefore the Council for the Corporation of the Town of Ingersoll request that the Walker Environment Group agree to extending the review period to July 31st 2020, at a minimum, to ensure all aspects of the draft EA can be reviewed in a comprehensive manner with all comments submitted

20-03-076 THAT by-laws 20-5086 to 20-5088 be now read a third time, passed, signed and sealed and that this constitutes the third reading of the by-laws.

CARRIED

20-03-077 Whereas in 2003 the Corporation of the Town of Ingersoll contracted with the Ontario Provincial Police to provide law enforcement, replacing the Town's municipal force;

And whereas the Town at that time was in agreement that no services would be lost and the level of service would not be compromised;

And whereas over the last 17 or so years through many contracts, the level of service has proven to be adequate on paper but not the level of service originally negotiated; And whereas the Province is currently considering the elimination of the Town of Ingersoll Police Services Board and creating a single board for the entire detachment thus expanding even further the distance between the Town's needs and the implementing of service;

And whereas to keep our cost down the town has had to reduce the level of service:

And whereas the Town would like to maintain control over local policing:

And whereas the Town would like to have more input into community safety and local needs:

And whereas the Town would like to provide a service which would be more reactive to local needs;

And whereas since the contract renewal is upon us it would be prudent to review alternative policing options from a cost perspective;

And whereas the Town would like to have the Police of Ingersoll have a stronger sense of community and community visibility;

Therefore, a request be put forward to have up to \$30,000.00 taken from reserves in 2020 to implement a study in researching the best policing option for the Town of Ingersoll.

DEFEATED

Moved by Mayor Comiskey; seconded by Councillor Van Kooten Bossence

C20-03-078 THAT Staff be directed to include an addition to the Strategic plan RFP that says: one of the concerns of the community is about policing the Strategic Plan should focus on gathering the input from the community that draws out the communities input about their satisfaction with the level of service with the Police

Report Number: C-016-20

Council Meeting Date: April 14, 2020

Title: Delay in Minor Variance Process

Objective

To advise Council of a pause in the Minor Variance Process due to the COVID-19 situation.

Background

Since the COVID-19 outbreak the LPAT has taken a pause in all services and has sent the attached letter advising of the effects of this.

The Committee of Adjustment considered the Minor Variance for A-01-20 at its March 9, 2020 Council meeting and approved the variance. Notices were sent out to the applicant and all interested parties with an appeal deadline of March 29, 2020.

However, the 20-day time to appeal was suspended effective March 16, 2020. Ontario Regulation 73/20 made pursuant to the *Emergency Management and Civil Protection Act* provides as follows:

- 1. Any provision of any statute, regulation, rule, by-law or order of the Government of Ontario establishing any limitation period shall be suspended for the duration of the emergency, and the suspension shall be retroactive to Monday, March 16, 2020.
- 2. Any provision of any statute, regulation, rule, by-law or order of the Government of Ontario establishing any period of time within which any step must be taken in any proceeding in Ontario, including any intended proceeding, shall, subject to the discretion of the court, tribunal or other decision-maker responsible for the proceeding, be suspended for the duration of the emergency, and the suspension shall be retroactive to Monday, March 16, 2020.

Therefore, the running of the time to appeal the decision to LPAT has been suspended effective March 16, 2020, before the expiry of the 20-day appeal period (30 March 2020). Correspondingly, the Town should not issue a Notice of No Appeal.

To date no appeals have been received.

Analysis

Council will see the attached letter from the Deputy Registrar of the LPAT regarding the Adjournment of Hearing Events – Suspension of Timelines. In order to ensure staff were understanding the information from the LPAT properly in this, a very unique case, staff sought a legal opinion which confirmed the suspension of timelines.

As such this variance will not be able to be completed until services of the LPAT resume.

Subject: Adjournment of Hearing Events – Suspension of Timelines

The Government of Ontario passed an Emergency Order (O.Reg. 73/20) under the *Emergency Management and Civil Protection Act*. This Order is retroactive to March 16, 2020, and will affect proceedings before the Local Planning Appeal Tribunal in the following ways:

- The Tribunal will not schedule any hearing events, including in-person, written, or teleconference hearings, while this Emergency Order is in effect.
 Accordingly, notice of hearing events will not be provided or directed.
- All hearing events scheduled in the Tribunal's hearing calendar between the
 effective date of the Emergency Order and June 30, 2020 will be adjourned to
 a future date. The Tribunal will revisit and reconsider this three-month period
 as the circumstances change.
- All timelines within which any step must be taken in a proceeding before the Tribunal, including timelines established in the Tribunal's procedural orders are suspended for the duration of the Order.
- Any period of time for a person to initiate a proceeding with the Tribunal, or take a step in the proceeding, as set out in a statute, regulation or Tribunal Rule is suspended by O. Reg. 73/20 for the duration of this Order.

If your appeal involved a procedural order that prescribes timelines related to exchange of witness statements, meeting of experts, or similar directions, these timelines are now suspended. Postponed hearing events will be rescheduled in the near future.

At this time, LPAT's front counter remains closed, and mail of any type (courier, Canada Post) cannot be received. Please continue to check our <u>website</u> for future updates.

Sincerely;

Evelyn Dawes Deputy Registrar, LPAT

Department: Community Services – Fusion Youth Centre

Report Number: CS-006-20

Council Meeting Date: April 14, 2020

Title: Fusion United Way Funding Allocation

Objective

To provide council with information that the United Way of Oxford's has provided confirmation that they will not fund the Fusion Centre during its closure due to the Covid-19 Outbreak.

Background

For the past 8 years the United Way of Oxford has provided funding to the Fusion Youth Centre. United Way funding has been extremely important to the long term sustainability and success of the Fusion Centre.

Analysis

A few weeks ago the Town had been notified by the Executive Director of United Way Oxford notified with all of the other organizations that were confirmed to receive funding as anticipated for the new funding year beginning in mid-April as per their usual practice.

Fusion once again was receiving multi-year funding. On April 1, 2020 United Way contacted the Fusion Manger via telephone and confirmed that unfortunately, due to the constantly evolving situation and as more information continually became available, they had to make adaptive decisions.

Therefore as of April 2, 2020 the United Way will not fund any monthly allocation for programs that are not currently running. Any dollars that would have been allocated to those programs will be re-directed to support group's providing support for immediate

needs. That's redistribution will continue as long as necessary to help the most vulnerable in Oxford County. United Way advised that additional revisions to funding are very likely to happen over the coming weeks and months.

United Way will be making difficult decisions that could have a negative impact on a funding partner such as Fusion. It was stressed that the United Ways first priority must be to ensure that adequate community supports are available for immediate access. That will be the foundation for all decisions for all decisions in the foreseeable future.

Following the COVID-19 outbreak, United Way volunteer's will be re-convening to review and re-evaluate existing funding agreements. The United Way volunteers will be reviewing the community priorities at that time and determining identified gaps and required services; and compare how there previously agreed upon funded programs match those updated needs. They will also take into account United Way's remaining dollars available for distribution, and ultimately make new funding recommendations as necessary. United Way of Oxford's commitment is to keep funding partners informed as they move forward.

Financial Implications

On November 18, 2019 The United way Community Impact Application was submitted. The multi- year funding request (3years) total dollar amount requested was \$216,000.00 to break that down further

Number of funding years requested (3)

Dollar amount requested Year 1 (2019-2020) 72,000.00

Dollar amount requested Year 2 (2020-2021) 72,000.00

Dollar amount requested Year 3 (2021-2022) 72,000.00

At this current time United Way Oxford had not disclosed if the total dollar amount requested was approved for the multi-year funding. It was confirmed that Fusion was going to be funded again, but the allocated amount was not disclosed. The funding announcements was scheduled for mid-April 2020.

Council is aware that with the cessation of programing, there will be savings realized in both human resources and programing costs. It is hoped that with the closure of the program expenses will be reduced to offset, if not completely, at least significantly by the shortfall in funding revenues.

Recommendation

That the Council for the Corporation of the Town of Ingersoll receives report CS-006-20 as information.

Title: Fusion Roof Replacement

Objective

To provide Council with information regarding the tenders that were received for the Fusion roof capital project

Background

Before tender request were solicited, it was noted that roof Sections A & B needed restoration and Section C needed a full replacement. As part of our annual roof inspection it was noted that Section B actually needed a full replacement and could not be restored. As a result the tenders we received are for restoration of Section A and full replacement of Section B & C

Analysis

We received 7 tenders from various roofing companies with varying prices, those prices are below:

Contractor	20 Year	25 Year	30 Year				
Smith Peat	\$370,305.40	\$421,217.40	\$474,922.40				
Atlas Apex	\$535,917.95	\$565,790.95	\$620,411.95				
H&N Roofing	\$388,834.70	\$414,368.70	\$475,342.70				
Semple Gooder	\$361,972.45	\$385,955.45	\$467,653.45				
BML Roofing	\$425,289.50	\$455,463.50	\$511,292.50				
Nedlaw Roofing	\$588,536.80	\$614,836.80	\$683,636.80				
LaFleche	\$420,744.00	\$451,744.00	\$504,744.00				

Council had budgeted \$225,000 for this project which was in line with the restoration and replacements that were required at budget time. After learning with more detailed review that Section B needed a full replacement and could not be restored, prices increased significantly. The tender was specifically wrote so that it could break out roof sections if needed.

Section B is in worse condition than sections A and C so to remain in budget staff are recommending that we complete section B this year and then add sections A and C to the 2021 capital budget and re tender those section in 2021

Below is a breakdown of the two lowest bids for Section B of the Fusion Roof.

Section B

Smith Peat Section B - 20 Year - \$192,410 Semple Gooder Section B- 20 year- \$204,290.00

Smith Peat Section B- 25 Year - \$207,128 Semple Gooder Section B -25 year-\$219,857.00

Smith Peat Section B -30 Year - \$239,473 Semple Gooder Section B - 30 year- \$271,640.00

In summary as you can see although Semple Gooders bid was cheaper for all roof sections Smith Peat is actually the lowest bidder for Section B and as a result staff are recommending to award Section B to Smith Peat Roofing.

Financial Implications

Staff is recommended that Council approve Smith Peats 25 year replacement of **Section B** at a cost of **\$207,128**

Staff will need to revisit the 2021 and future year projects and re prioritize them to free up some money to pay for the replacement of section A and C in 2021. This updated capital forecast can be reviewed and approved along with the 2021 budget process.

Recommendation

That the Council of the Corporation of the Town of Ingersoll receives report numbered CS-007-20 as information;

And further that Council authorize the proceeding of the Fusion Roof repair Section B at a cost of \$207,128 in the current fiscal year for the 25 year guarantee;

And further that Staff review and present a revised 10 year capital forecast incorporating these expenditures as part of the 2021 budget approval process.

Title: Cancellation of interest and penalties on property tax arrears due to COVID-19

and other financial relief measures

Objective

To provide financial assistance to residents and business owners in the wake of the COVID-19 pandemic.

Background

As a result of the COVID-19 pandemic and the Province of Ontario declaring a state of emergency there have been widespread business closures across the Province as well as the County of Oxford. Many Ingersoll residents and businesses are being financially impacted.

To relieve the financial burden of the pandemic, the Town has already announced that interest on outstanding taxes that would normally be charged on April and May 1st, 2020 will be waived. The interim tax by-law must be amended to retroactively enact these measures.

The Province of Ontario is recognizing that many ratepayers are facing challenges in making their scheduled tax payments and is deferring the property tax installments that municipalities make to school boards by 90 days.

The Ontario government has announced that the 2020 Assessment Update has been postponed. They have indicated that property assessments for the 2021 property tax year will continue to be based on the fully phased-in January 1, 2016 current values. This means the property assessments for the 2021 property tax year will be the same as the 2020 tax year, unless there have been property specific changes.

The Province of Ontario is providing \$148 million in support to municipalities for Consolidated Municipal Service Managers and District Social Service Administration Boards to distribute funding in their communities to charities, and other non-profits including food banks, homeless shelters and religious organizations.

Ontario municipalities have adopted a range of measures for tax relief, including:

- Extension of property tax due dates (30, 60, 90-day deferrals)
- Waiver/ cancellation of interest / late payment penalties
- Longer term deferral programs (up to 6 months, based on application, and demonstrated need)
- Reduction of Business Improvement Area levies

The Oxford County Area municipalities are looking at the various measures that have either been approved or are being considered:

- Waiving penalty and interest in April and May
- Deferring preauthorized payment plans for two months upon request
- Addressing concerns on an as need basis

Analysis

Staff are recommending the following tax relief measures for Council's consideration:

- Extending the cancellation of interest and penalty period through August 1, 2020. This
 measure provides a revised de-facto 90 day deferral period for the second interim tax
 instalment that is normally due on May 29, 2020. This option would also continue to
 benefit ratepayers already in tax arrears, as interest will not be charged on the
 amounts in arrears for the same time period.
- 2. Staff are also recommending to allow property owners currently on the pre-authorized payment plans (PAP) to suspend their payments for the period of May 1, 2020 through July 31, 2020. The residents who suspend their PAP payments will be advised of the revised amounts following the deferral period.

Given the potential long lasting economic impact of the COVID -19 pandemic, Staff are looking at options that would offer further relief to people and businesses, but at the same time ensuring that resources are available to sustenance Town's operations. Staff will report back to Council in May should these measures be required or an extension of the above period will be necessary.

Staff will continue to track all costs related to measures taken in the event there is an opportunity to recover these costs from another level of government.

Other tax relief programs available to the residents of the Town of Ingersoll:

- The County of Oxford and its lower tier municipalities are providing a tax relief program of deferrals or cancellation or other relief to minimize financial hardship for residential property owners who are low-income seniors or low-income persons with disabilities. This program has been established by the County's Financial Hardship Program Bylaw No. 5912-2017. Amounts deferred under this program are permitted to accrue as long as the person remains eligible until such time as the property is sold, otherwise transferred, or taxes paid.
- In addition to the financial hardship program, the County also established a tax rebate program for the purposes of providing relief from taxes or amounts paid on taxes on eligible property owned by eligible charities and similar organizations. This tax rebate program, established by By-law No. 5913-2017, was also reviewed and reaffirmed by County Council at their March 11, 2020 meeting.

Financial Implications

The financial impact of these measures will result in approximately \$70,000 in lost municipal revenues.

The Finance Reserve could be used to fund measures that result in any lost revenues if deemed necessary by Council.

Recommendation

THAT Report No. T-010-20 be received as information;

AND THAT all interest and penalties charged on property tax arrears be waived for the period April 1, 2020 through August 1, 2020;

AND THAT Staff be authorized to enter into alternative payment agreements with ratepayers at the discretion of the Director of Finance;

AND THAT the necessary amending by-law be adopted.

County Council Composition and Election of Head of Council (Warden) Review

RECOMMENDATIONS

- 1. That County Council adopt the process and timelines to review the County of Oxford council composition and election of the head of council as set out in Report No. CS 2020-11 entitled "County Council Composition and Election of Head of Council (Warden) Review ";
- 2. And further, that a copy of this report be circulated to the Councils of the Area Municipalities for review and comment on or before May 15, 2020.

REPORT HIGHLIGHTS

- Outlines a process and timelines to meet the legislative requirement that Oxford County undertake a council composition review by December 1, 2020, to take effect at the beginning of the 2023-2027 term of council
- Informs Council of options with respect to:
 - number of representatives which comprise Oxford County Council
 - election of the head of council (warden) and/or the term of the warden

Implementation Points

Upon conclusion of the legislated review of the County's council composition, the Minister of Municipal Affairs and Housing will be notified accordingly and, if any changes are approved, the necessary steps as outlined in this report will be taken.

Financial Impact

This report has no financial implications beyond that approved within the 2020 Business Plan and Budget.

The Treasurer has reviewed this report and agrees with the financial impact information.

Risks/Implications

The Province of Ontario, through the Modernizing Ontario's Municipal Legislation Act, 2017, (Bill 68), requires all upper-tier municipalities to periodically undertake a review of the composition of their councils. The Ministry of Municipal Affairs and Housing has set a deadline of December 1, 2020 for the County of Oxford's review.

Failure to either initiate a change in council composition or affirm the existing council composition by December 1, 2020, may result in the Minister of Municipal Affairs and Housing intervening by imposing regulation to unilaterally change the composition of the upper-tier council.

Strategic Plan (2015-2018)

County Council adopted the County of Oxford Strategic Plan (2015-2018) at its regular meeting held May 27, 2015. The initiative contained within this report supports the Values and Strategic Directions as set out in the Strategic Plan as it pertains to the following Strategic Directions:

- 3. i. A County that Thinks Ahead and Wisely Shapes the Future Influence federal and provincial policy with implications for the County by:
 - Advocating for fairness for rural and small urban communities
 - Advocating for federal and provincial initiatives that are appropriate to our county
- 4. i. A County that Informs and Engages Harness the power of the community through conversation and dialogue by:
 - Providing multiple opportunities for public participation and a meaningful voice in civic affairs
 - Understanding and addressing public aspirations for a more livable community

DISCUSSION

Background

The *Municipal Act* states that a key principle of fair representation is ensuring that local representation at the regional level keeps up with changing demographics over time. To ensure council composition continues to reflect local and demographic needs, the *Municipal Act* requires all regional municipalities to review their council composition. This requirement began after the 2018 municipal election and must be done within two years after every second regular municipal election.

At its meeting of February 13, 2019, Oxford County Council received correspondence from the Minister of Municipal Affairs and Housing (Attachment 1), asking that work be paused with respect to a review of council composition as Oxford County was involved in the Regional Government Review at the time.

At its January 22, 2020 meeting, Oxford County Council received correspondence from the Minister of Municipal Affairs and Housing (Attachment 2) requesting that Council continue its work to review its composition with a goal to adjust or reaffirm its composition by December 1, 2020.

Although review of the election of the head of council for the County of Oxford is not a legislated requirement, County Council has expressed an interest in carrying out a concurrent review at this time to ensure the election process continues to effectively serve the County's constituents.

Requirements and Considerations

As indicated above, being a regional government the County is required by the Province of Ontario, through the Modernizing Ontario's Municipal Legislation Act, 2017, (Bill 68), to undertake a review of its council composition by December 1, 2020.

Options which can be considered with respect to council composition include the following:

- Maintain the status quo of ten members of council (50% Urban, 50% Rural); or
- Increase or decrease the number of representatives on County council effective with the next term of council.

Options which can be considered with respect to the election of the Head of Council (Warden) include the following:

Election from within:

- Continue with council's current process for electing a warden as outlined in the <u>Procedure By-law</u> which includes the election of a sitting member of County council for the entire term of council; or
- Continue with the County's current process for electing a warden as outlined in the Procedure By-law which includes the election of a sitting member of County council for the period of one year; or
- Continue with the County's current process for electing a warden as outlined in the Procedure By-law which includes the election of a sitting member of County council for the period of two years.

Election at large:

- In addition to electing a mayor and councillors at the local level, residents would be asked to elect a warden from 'at large' (without specificity to an area municipal ward or jurisdictional boundaries) on October 24, 2022 for the four year term of council.
- Depending on the recommendations made with respect to the number of council representatives on council, election of a warden at large could potentially increase the number of members of County council by one.

Public Meeting

In accordance with section 218 subsection 173(3) of the *Municipal Act* with respect to restructuring, "Council shall consult with the public by giving notice of, and by holding, at least one public meeting".

It is proposed that a public meeting be held at the June 24, 2020 meeting of Council in regards to Council's recommendations with respect to both the composition of County council and election of the warden. The manner and timing of notice of the public meeting will be in accordance with the County's Public Notice Policy No. 6.13.

Triple Majority Support

Regional municipalities can either change their council composition by passing a by-law or affirm their council composition by adopting a resolution. If the regional municipality does not receive "triple majority" support for either by the deadline, the Minister of Municipal Affairs and Housing has the authority to make a regulation to change the regional municipality's composition.

Triple Majority Support is defined in the *Municipal Act* as follows:

- "A majority of all votes on upper tier council":
 - A majority of the members of County of Oxford Council is defined in subsection 237(1) of the Municipal Act as "a majority of members representing at least onehalf of the lower-tier municipalities is necessary to form a quorum"
- "A majority of all the lower-tier councils have passed resolutions consenting to the bylaw"
 - Five Area Municipal Councils must be in support of the proposed by-law
- "The total number of electors in the lower-tier municipalities that have passed resolutions consenting to the proposal form a majority of the electors of the upper-tier municipality"
 - The sum of the electors in the Area Municipalities who have passed resolutions in support of the proposed by-law must add up to a minimum of 40,934 electors (one half plus one)

In the event that a regional government does not submit a position with respect to its council composition, the Minister can make regulation under subsection 14(7) of the Act to change the composition of council, which may include anything that could be included in a by-law of the upper-tier municipality under sections (1) to (5), having regard for the principle of representation by population.

Table 1 below sets out the number of electors by Area Municipality for the purposes of meeting the triple majority requirements to constitute a change in council composition and for assessing the appropriateness of the County's council representation based on the 2018 electorate listing and forecasted population growth figures presented in Table 2.

Proposed Timelines

Staff recommends the following timelines in order to ensure the December 1, 2020 deadline for providing a response to the Province is met:

Item	Date
Receive Area Municipal Input	May 15, 2020
County Council consider input and draft position	May 27, 2020
Public Meeting to consider Council's draft position	June 24, 2020
Set Final Position	July 8, 2020
Receive Area Municipal Council consideration and formal position	October 2, 2020
Consider Resolutions from Area Municipalities	October 14, 2020
Adoption of By-law supporting Council's position	October 28, 2020

Conclusions

The recommendations as contained within this report are in response to the January 9, 2020 correspondence from the Minister of Municipal Affairs and Housing outlining the County's requirement to undertake a review of the County's council composition. Failure to undertake a review by either proposing change or confirming status quo by December 1, 2020 may result in the Minister of Municipal Affairs and Housing intervening by imposing regulation to unilaterally change the County's council composition.

Including review of the County's election of warden process concurrent with the legislated requirement for a council composition review will ensure our regional governance model effectively meets the needs of constituents of Oxford County in the future.

February 8, 2019

Dear Warden Martin:

As I mentioned in my letter dated January 15, 2019, I have taken steps to move forward on the government's commitment to review regional government that will focus on governance, service delivery and decision making. Indicated in the letter was the appointment of two special advisors, Michael Fenn and Ken Seiling, to conduct the review and provide me with recommendations.

As you look forward to the year ahead in the course of this review, I wanted to acknowledge the legislative requirements for regional municipalities to undertake regular reviews of regional council composition after the 2018 municipal election. While not all municipalities are immediately impacted by this requirement, all regional municipalities may determine and change their composition.

I encourage you to consider the context of the province's regional government review when determining whether to begin an evaluation of regional council composition at this time, as the results of the province's review may help inform your local actions. You may wish to consider an interim pause on any action towards evaluating your regional council composition while the early stages of the province's review are in progress.

If you have completed work or are planning to move forward with work on a review of regional council composition during the province's review, I would encourage you to ensure that the special advisors have the benefit of that work and advice throughout your local process.

Both Michael (<u>Michael.Fenn2@ontario.ca</u>) and Ken (<u>Ken.Seiling@ontario.ca</u>) are eager to get work underway to help the government deliver on the important commitment to ensure that municipal governments continue to work for the people and business community.

Sincerely.

Your Worship Mayor Larry Martin Lmartin@Norwich.ca

Dear Mayor Martin:

You may recall that in February 2019, I wrote to you about pausing your regional council composition review as the Regional Government Review progressed. I am writing today to provide an update on this matter.

As I announced on October 25, 2019, we heard during the Regional Government Review that local communities should decide what is best for them in terms of governance, decision-making and service delivery. After careful consideration our government is committed to partnering with municipalities without pursuing a top-down approach.

As a result, I am writing to ask that – if applicable to your municipality – you continue the work to review your council composition with a goal to adjust or reaffirm the composition of your regional council.

As a reminder, the *Municipal Act* requires that certain regional municipalities achieve triple majority support for a decision to either change or reaffirm regional council composition two years after the day the regional council was organized following the 2018 municipal election. The legislation allows the Minister of Municipal Affairs and Housing to make a regulation changing that region's council composition. Regional municipalities that made a change to their council composition between the 2014 and 2018 municipal elections are not subject to the requirement to conduct a council composition review until after the 2026 municipal election.

If you have any questions about these provisions, you may wish to refer to the *Municipal Act*, or to the <u>Municipal Councillor's Guide</u> on my ministry's website. Your municipal staff can also contact Ian Kerr, Regional Director, at our Western Municipal Services Office for more information at Ian.Kerr@ontario.ca or 519-873-4026.

Thank you for your ongoing commitment to delivering efficient, effective and modern services to the people of Ontario. I look forward to continuing to work together to help the people and businesses in communities across our province thrive.

Sincerely,

Steve Clark Minister
